## INTRODUCTION

SOLLO is the European automotive parts brand of the German concern ZM PARTS, founded in 2003 in Munich (Germany). SOLLO parts are manufactured in accordance to German technology standards and satisfy the strictest requirements in functionality and safety. High quality standards and competitive prices allow SOLLO parts to satisfy growing and dynamic demands of the global auto parts market. As a direct result of this unique combination the SOLLO brand has achieved strong presence among the manufactures of aftermarket parts in a short period of time.

The range of the brand includes parts for internal combustion engines, transmission parts, drive shafts, CV joints, fans and control units, brake calipers and steering knuckles. All SOLLO products are manufactured with high quality materials.

The key areas of SOLLO parts production include not only research into fundamental principles, materials technology and calculation but also extensive inspection and test methods as well as activities to optimize manufacturing technology. This is oriented towards ensuring the continuous development, improvement and application of our products in the long term.
